

excel2sage®

The Scenario

Large amounts of time are being spent re-keying data into Sage from an Excel spreadsheet or another report, perhaps from Amazon, eBay, etc.

The Solution

Easily **import day-to-day transactions** from a spreadsheet **accurately, quickly and efficiently** into Sage.

Available for Sage 50, Sage 200, Sage 1000

The Benefits

- ✓ **Easy to Use** - Installed & configured within 10 minutes
- ✓ **Fast & Powerful** - Capable of importing thousands of transactions in seconds
- ✓ **Eliminates Errors** - Imports directly from the spreadsheet, no need to re-key into Sage

Our E2S Product has collectively **saved our customers over 100,000 hours of data entry time!**

What can I import?

- ✓ Customers \ Suppliers | Projects
- ✓ Sales Invoices \ Orders \ Receipts
- ✓ Sales Service \ Product Invoices
